Helping Animals and the People Who Love Them

December 2022

Words of Appreciation

The Spay Neuter Assistance Program is wrapping up its twenty second year of providing low cost spay/neuters to low- and fixed-income pet owners in Southwest Missouri. And while great strides have been made, our rescue groups and always full and still having to turn down so many animals needing help. The best way to help everyone is to spay/neuter your own pets, support spay/neuter efforts and help spread the word. We need more donations and more supporters. If you all could forward this newsletter to people you know that support spay/neuter we would greatly appreciate it. We have come a long way but there is still work that needs to be done. Thank you all for your support!

After using our program, Lisa wrote, "Your kindness means the world to me. Thank you for helping! You made my days so much better."

Peggy wrote, "I can't thank you enough for the great work SNAP does and how many people and pets you have helped. So thankful for an amazing program."

From Frank, "We want to thank everyone involved with making it possible for helping us get our pets fixed. We are forever grateful to your organization."

And Helen said, "I want all of you to know how much I appreciate the help you have given me to be able to get my dog spayed. God Bless Your Mission and All of You."

SNAP's team of volunteers would like to thank everyone who helps make SNAP a success; the amazing work of the participating veterinary clinics, our generous donors, the businesses displaying donation canisters, the tireless work of our volunteers. Without all of you, this important community service could not be done.

We thank you and wish you a beautiful, blessed and healthy 2023!

In memory of "all our precious babies in Heaven"

May happy memories of your time together bring joy to your heart.

CAN YOU HELP?

Case #126 Chris has three Pit Bulls needing to be fixed before there is another litter of puppies. They have been in his family for a couple of years, and they have not had the extra funds to get them fixed. Now, in order to keep them, they must have them spayed/neutered. SNAP's cost to fix them is \$300.

Case #127- Joyce had a stray cat show up at her home with a litter of young kittens. She took them in and eventually found homes for the kittens. The female stayed and has had another litter that are now all old enough to reproduce. She could not find homes this time and needs help getting all five cats fixed. The three females and two males will cost \$290.

Case #128- Kim lives in an area where there are a lot of strays. She tries to help the best she can and over the years has gotten what she can fixed. The last couple of years have been challenging and she needs help getting the last three cats and two dogs fixed. SNAP's cost is \$340.

If you can help fix any of these animals, please send your donation to:

SNAP
PO Box 14354

No amount is too small. It all adds up to do great things! You can specify which case you would like to contribute to. In the event the case you specify has already been helped by another caring donor, your contribution will be used to help a different but equally in-need pet owner. Thank you for your support!

We need your support!

SNAP's mission is to eliminate the need for euthanasia in our community's animal shelters, to reduce the number of homeless animals, and to educate the public about the importance of spay/neuter.

We cannot accomplish our mission without donations. Please donate online or return this form for specific designations or for more information.
